## Technical Work Experience

### Incognito Software Systems Inc.

Vancouver, BC

Quality Assurance Engineer

September, 2020 – April, 2021

- Operated as part of an agile team to assist in the development of over 8 different software services
  - Designed and implemented Selenium test suite for Firmware Management Service
  - Wrote more than 100 tests across multiple services and stabilized Jenkins environment of over 600 tests
  - Worked daily with industry-standard software solutions such as:
    - \* Java, JUnit, IntelliJ, and Linux to effectively write and debug professional software tests;
    - \* Jenkins, Postman, Wireshark, and MongoDB to debug services and investigate networking problems;
    - \* Jira, BitBucket, and Microsoft Teams for managing workflow and communicating with my team.
- 

## Education

### Simon Fraser University

B.Sc. in Computing Science and Molecular Biology & Biochemistry

Expected Graduation: Fall 2022

---

## Personal Projects

### DockerMan / [🐙 GitHub](#)

Node.js, Express.js, ReactJS

- Modular server back-end which utilizes Node.js and Docker to serve containers on the same web domain
- Integrated with React for front-end interactive user dashboard, which includes:
  - \* Container control panel to start/stop/restart or port-forward individual containers to a URL slug;
  - \* System configuration screen to control security features, such as preventing too many login attempts;
  - \* Log screen which displays and allows user to manage database of log messages.

### Hawking - the SFU Science Discord Bot / [🐙 GitHub](#)

ReactJS, Node.js, Docker

- Discord bot built with Discord.js API and React to solve multiple needs for Science Undergraduate Society
  - React control-panel utilizes SQL to allow users to easily manage database of events at Simon Fraser University
- 

## Volunteer Experience

### Vancouver Startup Week

Vancouver, BC

Account Manager

February, 2021 – Present

- Co-ordinated and hosted weekly panels with a range of companies within the local start-up community

### Science Undergraduate Society

Burnaby, BC

President

May, 2020 – April, 2021

- Organized and chaired weekly team meetings to plan events and advocacy
  - Formalized process and procedure by using modern management practices such as Kanban boards
  - Effectively led and managed a team of 10 students to completely re-write society By-Laws and Policy
-
